If the order to which this invoice relates is placed under an existing written contract, the terms of that contract shall apply to the order. Otherwise, the supply of the goods and/or services covered by this invoice (the "Contract") is subject to and governed solely by any specific terms in the relevant order acknowledgement and the MRC Global International Terms of Supply (available at www.mrcglobal.com/Terms-and-Conditions or available on request) (the "Terms"), which are incorporated by reference into, and form part of, the Contract. The Terms shall apply to the Contract to the exclusion of all other terms and conditions including any terms or conditions which the Buyer purports to apply under any purchase order, confirmation of order or other document. Previous dealings between the parties shall not have any effect on the Contract and any trade custom and/or trade usage is superseded by the Contract and shall not be applicable in the interpretation of the Contract. Any supply of goods and/or services made pursuant to the Contract is based on and in reliance on the end use, end user and end destination information provided by you in your order/bid documentation, an End Use Declaration or otherwise. You warrant that such information provided to us is correct. Goods and/or services will only be supplied in compliance with applicable trade and customs laws. Any change in end-use, end-user or country of end-use must be notified to us immediately as such change may be restricted or prohibited by applicable export control, trade regulation and customs laws or our internal trade policies which prevent us from completing the purchase order (without liability). You agree not to sell, supply or transfer the goods and/or services other than in compliance with the information you have provided to us and applicable trade laws and sanctions.
